WITH A STUNNING 15" COLOR DISPLAY, TOUCH SCREEN, A SLEEK modern design, integrated topper and optional high topper, the ARGO 15.0 is ideal for marketing and branding. Packed with the innovative features you've come to expect from Triton, the ARGO 15 is capable of performing contactless transactions via NFC.

FLEXIBLE

One of the most flexible ATMs on the market, the ARGO 15 can be configured to hold up to 8,000 notes with five different dispenser options. With a sleek, compact design, it can fit into tight spaces and can be customized with a variety of communications, printer and lock options.

SECURE

Running Triton Dynamic Language on the reliable Windows® CE 7.0® platform, the ARGO 15 is ADA, EMV and PCI 3.1 compliant. Available with a UL291 business hours or Level 1 safe, the ultra-secure ARGO 15 features improved dispenser security, added PIN protection, a TKM option and MACing.

BUY AMERICAN

For over 30 years, Triton has set the standard for manufacturing innovative cash-dispensing solutions. Specifically designed for the retail market, Triton's affordable, high-quality cash dispensers are built in the United States and are easy to upgrade and easy to service.
