

# TRAVERSE

DESIGNED EXPRESSLY FOR THE RETAIL MARKET, THE TRAVERSE has a sleek, modern design, all the innovative features you've come to expect from Triton. The Traverse includes all the latest regulatory features and with an entry-level price point, you'll see a faster return on your investment than ever before.

With a compact footprint that can fit into tight spaces, the Traverse can use a variety of dispensers. Traverse has an integrated topper, with mid and high-topper options, The Traverse can easily be branded with an ATM wrap, and marketing features include customized signage, and on-screen messaging.

## SECURE

The Traverse includes added PIN protection, a UL291 certified business hours cabinet, and a TKM option. Traverse is available with a variety of lock options and is compliant with all regulatory features including ADA, EMV and PCI 3.1.

## BUY AMERICAN

For the past 30 years, Triton has set the standard for manufacturing innovative cash-dispensing solutions. Triton's affordable, high-quality ATMs are built in the United States, and are easy to upgrade and service. On average, less than one service call per year is logged, with most technical issues resolved by telephone.
